

Comprehensive Analysis of DHB Cypionatum
Nanolab - plus

Number #I78J90K12-IKO
Testing ordered > 2024-09-21

Product: Dhb cypionatum
Dosage: 100mg/ml
Doctor: Dr. Arjun Singh
Manufacturer: Signum
Batch: Dhb Cypionatum (Lot# I78J90K12-2024)

Sample description >

DHB Cypionatum containing Dihydroboldenone Cypionate was comprehensively analyzed to verify its chemical integrity and concentration accuracy. This compound requires precise quantification to ensure consistent performance in anabolic applications with minimal side effects.

Tests requested >

Comprehensive Analysis of DHB Cypionatum

Results >

concentration	97.8 mg/ml
Purity	97.8
