

Microbiological and Chemical Analysis of Clindamycin
Nanolab - plus

Number #J45K67L89-QAZ
Testing ordered > 2024-07-29

Product: Clindamicina 300mg
Dosage: 300mg
Doctor: Dr. Min-jun Kim
Manufacturer: Skin care pharma
Batch: Clindamicina 300mg (Lot# J45K67L89-2024)

Sample description >

A dual approach involving microbiological and chemical analysis was used to evaluate Clindamycin 300mg capsules. This ensures the product is not only chemically pure but also effective against susceptible bacteria and free from microbial contamination.
